

**Remarks/Arguments:**

**I. Status**

The Office Action dated March 4, 2005 (the "Office Action") has been carefully reviewed. Claims 1, 2 and 14-21 have been canceled. Claims 3-13 have been amended and claim 22 has been added. Accordingly, claims 3-13 and 22 are pending in this application. Reconsideration of this application, as amended, is respectfully requested.

**II. Power of Attorney**

Applicants submitted a Power of Attorney by Assignee Revocation of Prior Power of Attorney on August 23, 2004. On November 4, 2004, a notice was mailed by the USPTO indicating that the Power of Attorney had not been changed because a proper certificate had not been submitted.

The assignment by the inventors to Xerox Corporation was filed with the initial application on August 26, 2003. Attached hereto as Exhibit I is a copy of the return receipt postcard indicating that the assignment was submitted, along with a recordation cover sheet. Exhibit I further includes a copy of the originally submitted recordation cover sheet and the assignment of the above referenced application to Xerox Corporation by the inventors.

Accordingly, it is respectfully submitted that the previously filed Power of Attorney by Assignee Revocation of Prior Power of Attorney (a copy of which is attached hereto as Exhibit II) should be entered.

**III. Claim 2 Has Been Re-written as Claim 22.**

The Examiner noted that claim 2 would be allowable if re-written in independent form. Claim 2 has been rewritten in independent form as claim 22. Accordingly, it is respectfully submitted that claim 22 is patentable.

**IV. 35 U.S.C. § 102 Rejection.**

*In re claims 3-13*

The Examiner noted that claim 2 would be allowable if re-written in independent form. Claim 2 has been rewritten in independent form as claim 22. Claims 3-13 have been amended to depend, either directly or by way of an intermediate claim, from claim 22. Accordingly, it is respectfully submitted that the rejection of claims 3-13 has been overcome.

**V. Conclusion**

Applicants respectfully request entry of the amendments and favorable consideration of the application.

A prompt and favorable action on the merits is requested.

Respectfully Submitted,
